Saskatchewan Government and General Employees' Union Informational Meetings on Public Service Bargaining

June/17

As you know, the current round of bargaining is unlike anything we have experienced in the past. The Employer is asking for deep cuts and concessions that will directly affect **every member** of our bargaining unit.

Earlier this year, your Public Service/Government Employment (PS/GE) Negotiating Committee held meetings around the province to provide members with an update on bargaining. At that time, we committed to updating members as the need arose.

We have had several meetings with the employer since then, and believe that members should be updated on developments at the bargaining table.

Meetings to update members on bargaining will be held across the province. See schedule of meetings below.
