

BARGAINING

PUBLIC SERVICE/GOVERNMENT EMPLOYMENT

PS/GE Bargaining Update

May 25, 2004

Regional meetings have been scheduled throughout the province to enable the Negotiating Committee to provide an update about bargaining. There are a number of major issues at the table that we have not been able to resolve and the employer has not shown any willingness to change their position. We believe we have reached a point in the bargaining process where we must ask the membership for a further mandate. Therefore, a strike vote will be conducted at these meetings.

The purpose for a strike vote is to increase the pressure on government. If the employer knows that the Negotiating Committee is strongly supported by the membership, we are more likely to reach agreement on the outstanding issues. **We are asking for your support.** If we find later that we must use the strike mandate to put more pressure on government, we would plan to implement rotating strikes in specific areas where we need to resolve problems, for example, Department of Community Resources and Employment, Corrections and Public Safety, and Sask. Environment. Before any workplace began a rotating strike, the employees would have an opportunity to take a second vote to determine whether they would go on strike. The Negotiating Committee will honour the decision of the workplace.

Please review the list of meeting dates, times and locations and plan to attend a meeting. If you have any questions, please call the local representative listed or contact the Negotiating Committee at 1-800-667-5221, ext. 206 or 522-8571, ext. 206.
